

POWER TROWELS 600/900/1200

The wide range of power trowels from Enar is perfect for all the users' needs thanks to their differing sizes.

DESIGNED EUROPE FOR QUALITY & EFFICIENCY

These power trowels were designed to provide coverage across varying floor sizes. This means they are offered as 600mm and 1200mm as easy to use power trowels. They all have adjustable handles, a dead man's switch and control of the height of the trowels for varying surface levels.

TECHNICAL DATA

MODEL	ENGINE	POWER (CV)	r.p.m.	DIAMETER (mm)	WEIGHT (kg)

TIFON 900EF	Motor eléctrico 400V 3~	2.2-2.6 kw	130	90	94
TIFON 900HD	HONDA GX690	24	125	90	310
TIFON 1200HF	HONDA GX270	9	140	120	112

+ Eye Bolt For lifting and transportation.

Every power trowel from Enar comes with an eye bolt allowing the user to lift the machinery and also allowing for easier transport.

+ Throttle Comfortable to control.

Each machine has a throttle to control the acceleration of the power trowel which is comfortably placed on the handle of the power trowel.

+ Adjustable Handles Height for each user.

With the adjustable handle each user can freely move with the product without the stress as the trowel is at the preferred height.

+ Dead Man's Switch Safety First.

The dead man's switch system is incorporated in each power trowel. This is the automatic disconnection of the power in the machine when the handle is released.

+ Foldable Handle Storage made easy.

Designed to fold the handle in a position that makes transport and storage easier.
